50	202								

Figure 1 is a schematic diagram of a lamp assembly 100. The assembly includes a lamp body 110, a lamp base 120, and a lamp cap 130. A dashed line A-A indicates the cross-sectional view.

This diagram shows a cross-sectional view of a medical device. A central shaft (106) passes through the device. At the top, there is a rectangular component (101) with a flange (107) and a seal (114). Below this is a bulbous body (102) with a central cavity (105). The body is connected to a base (103) which has a flange (104). Various internal components and seals are labeled with numbers 100, 108, 109, 110, 111, 112, and 113.
